MONTANA HIGHWAY PATROL

ANNUAL

ACTIVITY REPORT

1948

DISCARDED
JUL 16 1969
LIBRARY
UNIVERSITY of MONTANA

Helena, Montana
March 4, 1949

TO THE MEMBERS OF THE MONTANA HIGHWAY PATROL
AND THE PEOPLE OF MONTANA AT LARGE:

The year 1948 saw an all-time high in traffic volume here in Montana and it brought with it the same grizzly story of death and injury and destruction that has become so familiar to all of those who have attempted to deal with the traffic problem: 4,430 reported accidents involving 6,050 drivers, 164 dead, 1,863 injured and $1,263,984.00 in estimated damage to property.

Not a pretty picture, yet we can take some satisfaction in the fact that it was not worse. In fact, in many respects it is better than in past years; three less dead and less drivers involved in fatal accidents than last year despite an 11% increase in traffic; twenty-five per cent less fatalities than in 1941, the last pre-war year, despite a 28.3 per cent increase in traffic.

This to me is conclusive that something can be done about the annual slaughter on our highways. Diligent and intelligent enforcement coupled with a well thought out and continuing program of public education and proper engineering will not eliminate traffic accidents, but it can and does reduce them materially. I am sure of that in what has happened here in Montana in the years since the end of the war, but more especially in the past year. During that year the Patrol has issued more summons and given more warnings than ever before. During that year we have gotten our Driver Licensing program into full swing and we have devoted more time and effort to driver training in the schools, newspapers, radio and poster articles and pictures than was possible in the past. A look at the record should convince any fair-minded person that it was effort well spent.

But there is no place for complacency. The record is not such that we can sit back and rest upon our laurels. Rather it is an indication that we are on the right track; that by harder work, more diligent and wiser application of our enforcement efforts and educational endeavors, we can make greater gains.

There is no higher endeavor than the saving of human lives and the sparing of human misery - so, as a parting request to you men of the Montana Highway Patrol, let me urge that you put forth this extra effort; while to the people of the State, let me suggest most earnestly that you study the rules of traffic and then obey them carefully, cautiously and intelligently.

Yours very truly,

Chas. L. Sheridan
